Jekyll Island Eco Tour

3 Days January 19-21, 2010

Jekyll Island is a barrier island rich in history and wildlife. During the Gilded Age it was a popular resort destination among some of the richest Americans, including Joseph Pulitzer and JP Morgan. It's beautiful beaches are excellent for relaxing, shell collecting or going for a horseback ride. For a blast from the past you can stroll through the Historic District, a national landmark made up of the architectural wonders of the early 20th century.

Tour Highlights:

- **Luxury Motorcoach Transportation**
- **Two Nights First Class Lodging**

Jekyll Island Eco Tour

3 Days January 19-21, 2010

Day 1 - Travel to Jekyll Island, GA and enjoy an afternoon cruise on the Lady Jane Shrimp Boat. We will witness an actual pull and talk about what was brought onboard the ship and then released back into the coastal waters. Check into the new Hampton Inn on the Beach for a two night stay. This is one of the few Hampton Hotels that has a full service lounge. Dinner tonight will be at Blackbeard's Seafood Restaurant. After dinner will be Astronomy Night with a visit to the Tidelands Nature Center, located under some of the darkest skies in Georgia. Weather permitting, we will see the moons of Jupiter through their seven inch telescope. Hear stories about some of the stars and learn how to find true north at anytime of the night. We will also learn how birds and sea turtles use the sky to find their way home.

Day 2 - Begin the day with a naturalist and a narrated morning beach walk. Learn about the coastal eco system, maritime forest and more. Returning to the Tidelands Nature Center, where we will learn about the sea turtles, hermit crabs and many other species of sea life. Our tour also includes a visit to the Shark Tank. Next, is a picnic lunch at South Dunes Park, followed by a visit to the Georgia Sea Turtle Center, which specializes in rehabilitating injured turtles. The center also increases awareness of habitat and wildlife conservation challenges and promoting responsibility for ecosystem health. This evening dinner is at the Fourth of May Cafe in nearby Brunswick, GA. Following dinner we will enjoy dessert and the stage show, "Waiting for Oprah" about the last meeting of the First Tuesday Book Club. Here the ladies conversation shows more concern about how they will react when they meet Oprah, tahn what may have actually happened to her.

Day 3 - After breakfast, we will depart the Jekyll Islands and drive to the Okefenokee Swamp, the largest, intact and un-fragmented wetland wilderness swamp in North America. Here we will board a boat for a ride to the depths of the Swamp with narration from a naturalist. At this time of year, we are sure to see many species of birds that call Okefenokee home during the winter months. Once our cruise ends, we enjoy a hamburger and hot dog cookout before we depart for home.
